# Foreword

The Government of the Kingdom of Eswatini, through the Deputy Prime Minister's Office, remains committed in progressively addressing and redressing issues of Persons With Disabilities and has ensured an enabling environment through various legislative Frameworks, including the Constitution of Eswatini Act No. 100/2005, which provides for the respect, promotion, protection and fulfilment of all human rights and fundamental freedoms.

Subsequent to ratification of the United Nations Convention of the Rights of Persons With Disabilities (UNCRPD) in 2012, the National Disability Policy was developed in 2013 aimed at mainstreaming disability across all development programmes of Government. In 2018, Eswatini enacted the Persons With Disabilities Act to provide for the protection of rights and welfare of Persons With Disabilities and incidental matters.

It is based on the aforementioned rationale that the Kingdom of Eswatini has recognised the need to develop a Service Directory For and Of Persons With Disabilities in Eswatini. This Service Directory contains profiles of Organizations For and Of Persons With Disabilities in Eswatini, including their contacts, capacity information and services on disability. In this Directory, you will find a wealth of information about the diverse organizations committed to supporting individuals with disabilities and their families. These organizations provide essential services, ranging from healthcare and education to vocational training and advocacy, all of which are vital building blocks for an inclusive society.

This Directory was developed with both technical and financial support from the ongoing Eswatini United Nations Partnership on the Rights of Persons With Disabilities (UNPRPD) Project of 2022–2024, which was facilitated by Africa Disability Alliance, a consultancy firm that was contracted by UNICEF as one of its numerous Programme Activities in the UNPRPD Project, for which the Office is highly indebted.

As we move forward with the disability mainstreaming and disability-inclusive budgeting initiatives, let us remember that the true measure of a society's progress lies in its ability to uplift and empower all its members. By embracing diversity and inclusivity, we create a stronger, more vibrant community that values the inherent worth and potential of every individual. I encourage all stakeholders to utilize this service directory, to collaborate and to continue advocating for the rights and well-being of Persons With Disabilities.

Together, we can build a Kingdom of Eswatini where every person, regardless of their abilities, can thrive and contribute meaningfully to the development of the country, by ensuring that "No One is Left Behind", as enshrined in the United Nations 2030 Agenda for Sustainable Development.

**Thulisile Dladla**

Deputy Prime Minister

# Acknowledgements

The Kingdom of Eswatini Service Directory of Organizations For and Of Persons With Disabilities developed by the Deputy Prime Minister's Office through technical and funding support received from the UNICEF and the United Nations Partnership on the Rights of Persons with Disabilities (UNPRPD) Multi-Partner Trust Fund Round 4 Project of 2022–2024 on "Strengthening the Inclusion and Coordination of Disability Issues in the Kingdom of Eswatini".

The Deputy Prime Minister's Office would like to extend its sincere gratitude to all individuals, Government Ministries, UNPRPD Participating Agencies (Resident Coordinator's Office, UNFPA, UNICEF, UNESCO and WHO), Non-Governmental Organizations, including Organizations For and Of Persons With Disabilities, and the Private Sector, that have made significant contributions towards the development of the current Disability Service Directory.

**Melusi Masuku (AMB)**

Principal Secretary

# How to Use This Directory

This Directory provides Persons With Disabilities, their families, organizations Of and For Persons With Disabilities, and service providers with access to information on what services they can access from the Organizations Of and For Persons With Disabilities in Eswatini.

The Directory is organized by type of disability.

Under each category of disability, stakeholders will find a list of disability organizations, how to contact them, where they operate, to whom they deliver services, and where these services are available in the different Regions.

The Contents page is hyperlinked to make it easier to find specific services these organizations offer to each disability category. Place your mouse cursor over the organization's name, press the Control key and click the mouse to activate the hyperlink.

NOTE: Organizations do not necessarily have the internal capacity to render all services to all the people listed. They have, however, indicated that they turn no one away. Instead, they will source or refer to partner organizations if they cannot assist.

The organizations listed provided the information contained in this Directory.

The Directory is up to date as on January, 2024.

**Mcusi Shongwe**

Director Social Welfare

## List of Organizations of and for Persons with Disabilities

### 1. Organizations Of Persons with Disabilities (OPDs)

1. Federation of the Organisations of Disabled in Swaziland (FODSWA)
